SLIP2000™ 725 Cleaner

AQUEOUS BASED CLEANER DEGREASER
FOR SMALL ARMS WEAPONS MAINTENANCE SYSTEMS

PRODUCT BULLETIN

(Aqueous Based Cleaner)

725 CLEANER / DEGREASER is a specially formulated aqueous base liquid cleaner. This product was formulated **without** the use of hazardous petroleum solvents. *Slip 2000* 725 Cleaner / Degreaser has extremely high penetrating and emulsifying properties that will dissolve carbon and burnt propellant residue on contact. This product contains quality surfactants, wetting agents, emulsifiers, cleaners and rust inhibitors. Rinses freely and is compatible with most oil water separators.

CLEANING:

SLIP 2000 725 Cleaner / Degreaser provides additional protection through additives that in addition to their ability to penetrate metal surfaces, aid in the effective removal of built up dirt, lead, copper, carbon, corrosion particles and firing residues that can buildup and become abrasive to all systems including recoil and gas operated mechanisms.

Combination Parts Washer and Ultrasonic Cleaning System.

Foaming brush applicator that is applying 725 Cleaner/Degreaser to a rocket pod.

Stainless Steel barrel mount Aqueous based parts washer

725 CLEANER / DEGREASER In just a few minutes, this material will strip tenacious carbon stains and simultaneously, crack open and crumble heavily encrusted deposits of carbon, grease, grime, gum and gunk on aluminum, magnesium, stainless steel and other metal gun parts. Included are trigger assemblies, bolts, actions, slide rails, gas pistons and all other components. Works exceptionally well on M60 to 240MG - M16 - AR15 - 9 mm - 50 caliber weapons, and all other fully automatic weapons.

FEATURES & BENEFITS

- ⊛ Water based avoids environmental and health safety issues
- ⊛ Non-Caustic help eliminate caustic burns and fumes
- ⊛ Non-petroleum helps eliminate fire hazard and disposal problems
- ⊛ Meets California Air Quality Control Board Requirements for Low VOC's
- ⊛ National Stock Numbers (NSN) 9150-01-551-9809 1 Gallon container
- ⊛ National Stock Numbers (NSN) 9150-01-551-6840-01-551-3518 16 oz. container
- ⊛ National Stock Numbers (NSN) 9150-01-551-6840-01-551-3524 4 oz. container
