

THE WORLDS FASTEST CLEANING TOOL CONNECTION SYSTEM!

THE BRUSH BUDDY™ QUICK RELEASE CLEANING SYSTEM

Invented by a shooter for shooters - *PATENT PENDING*

ELIMINATES THE NEED TO SCREW AND UNSCREW YOUR CLEANING TOOLS

Are you tired of wasting your time unscrewing a brush or jag to only screw it in again and then having to repeat this process over and over?

The Brush Buddy will help with this!

Are you tired of starting out with clean hands only to end up with nasty carbon, lead, copper and toxic cleaning agents all over your hands and clothing?

The Brush Buddy will also help with this!

The Brush Buddy's Quick Release System was invented to target the time consuming screwing and unscrewing of cleaning tool accessories like your brushes, jags, and patch holders.

What usually takes 5-10 seconds to change from one tool to another will only take a split second to do with this quick change system. Change from a jag to a brush in less than 1 second!

NOT ONLY IS IT FASTER, IT'S CLEANER AND SAFER FOR YOUR HEALTH!

The Brush Buddy! The first and only quick change system for all your cleaning tool accessories. Patent Pending

3 Sizes to choose from.

- .20" for 22 caliber and up (Comes with 2 adapters for 8-32 threaded tools)
- .25" for 30 caliber and up (Comes with 2 adapters for 8-32 threaded tools)
- .375" for larger calibers (Comes with 2 adapters for 5/16-27 threaded tools)

The .20" and .25" adapters are threaded to fit all common 8-32 threaded accessories. Additional Brush Buddy Adapters sold separately in a pack of 6. Compatible with other manufacturer 8-32 thread adapters. Cleaning rods, brushes, jags, patch holders and mops not included in Brush Buddy sets.

10 TIMES FASTER THAN THE OLD FASHIONED WAY

(Brush)

(Adapter)

(Brush Buddy)

(Cleaning Rod)

The Adapter will work with all accessories including brushes, mops, jags and patch holders.
